

FEBRUARY 2018

Greetings!

We wish to begin by thanking many friends and supporters for once again coming through with gifts toward our Annual Fund. This helps to support all of our programs and demonstrates strong community commitment to our development efforts. The key ingredient is our broad level of participation. Every gift is meaningful to us and our efforts.

Although the ground is still pretty white and cold, we have warm thoughts of summer camp in mind. We are greatly appreciative of the investment and support we receive to help send needy children and youth to camp each year. It is one of the best ways we can help youth to explore the outdoors and nature, build independence and establish wonderful friendships. Through great community support and the Keller Campership Fund, we were able to send 110 children and youth to camp last summer. Applications and materials have already been sent out to area youth.

We hope you will enjoy reading about the programs and services that you are supporting and investing in. Thank you for being a partner with us in "building and strengthening families and their children."

In sincere gratitude,

A handwritten signature in dark ink that reads "Rick".

Adoption Program: New Office Space in Portland

The Maine Children's Home for Little Wanderers has just added a new Adoption office location in Portland. Our new address is 527 Ocean Avenue!!

This exciting change means that we will have regular office hours each week and have much more flexibility to offer trainings, to meet for referrals and for consultations. We are very pleased to have another location for the free Adoption Information Meetings in Portland.

We want to thank HopeGateWay United Methodist Church for their hospitality and letting us use their space on Thursday's since April of 2017. We were very fortunate to have such thoughtful partners to host us.

Look for more information soon for the Open House in April at this new location.

The Children's Place News: Valentine's Day & Dental Care

The social, emotional, physical and financial repercussion of tooth decay which goes untreated is enormous. While it is preventable, it remains one of the most common diseases for children and adolescents. Finding available, affordable, preventative dental care programs that focus on the needs of children can be a very difficult task for families.

To support the challenge of families getting their children to the dentist for check-ups, **The Children's Place** collaborates with **Community Dental Center** to provide semi-annual, on-site dental clinics that include: a dental exam, cleaning, and fluoride treatment. On February 14th, Dr. Linda Eberhardt, DMD and Hygienist Hope Ricker, from Community Dental Center, spent the morning on campus examining several children's teeth. Each child left with a new toothbrush, a sticker and an exam report for their family.

Preschooler Temperance gets her teeth cleaned by Hygienist Hope.

Dr. Linda shows 2 year old Sawyer the tool she will use to examine her teeth.

And finally, enjoy this photo of the Firefly Preschoolers sporting beautiful smiles and their Valentine heart hats!

Stay tuned next month for news about Maine SNAP-Ed's 6-week *Eat Well Play Hard* presentation series with the Firefly and Dragonfly classrooms!
